### Sub: Internship completion letter

It gives me great pleasure to write a Certificate of Internship Completion for Ms. Rhea Sundaresan, a 2nd year student pursuing Mathematics at IIT Kharagpur.

She spent with upugo.in a duration of 2 months and 5 days (10<sup>th</sup> September – 15<sup>th</sup> November) and was exposed as an intern to the area of, **'Application of Artificial Intelligence to Deliver and Enhance Fitness Training'**. As part of her work, Ms Sundaresan developed the back-end and database system, coordinated the design and architecture of the front-end, and worked with a team of several other interns working for the upUgo Artificial Intelligence program.

In Rhea we found a pleasant personality with excellent manners and ability to work well in teams. She displayed stellar organizational skills, drive to get things done and learn new things while remaining enthusiastic and poised about her conduct and work. She worked diligently and smartly to get the project 'Go Live' for use cases.

We found the association to be rewarding for our organisation and enjoyed working with her. Wishing her the very best in her future endeavours.
